

On Line Access to Workers' Compensation Claims Kit

Berkley Asset Protection Underwriting Managers is pleased to provide you with information regarding on-line access to workers' compensation claim kits through our website.

With Berkley Asset Protection, you can conveniently obtain all required workers' compensation state posters, brochures and forms for non-monopolistic jurisdictions on-line, at any time.

Posters are pre-filled with contact information for Berkley Asset Protection and our claim administrator. All posters and forms can be downloaded and saved on your system. If you have employees telecommuting, required WC information can be sent to them via email, eliminating the time and expense involved in waiting for hard copies and mailing them to employees.

In addition to on-line claim kits, our website also contains state approved First Report of Injury Forms, brochures published by the states with information on WC benefits for both employers and employees, and a link to each state WC website. Additional links provide details on posting requirements and physician selection rules. I invite you to preview this technology enhancement by visiting our website at: http://www.berkleyassetpro.com/
